Special Sports Event Planned To Aid WNTC

As a further measure to aid their record drive, Campus Station WN TC, 640 on the dial, has announced that they will sponsor an evening of sports entertainment on Tuesday, May 18th. The events scheduled are two softball games between PSTC and Clarkson at Snell Field, the first beginning at six in the evening.

The preliminary game will consist of a battle royal between members of St. Lawrence University and PSTC sororities. Scheduled for a half hour, this contest is under the direction of Jerry Irvine, who is working hard to produce a worthwhile "spectacle".

The featured game will pit the might of the Engineers' all-stars against that of PSTC's. Clarkson's team is being chosen to represent many of the school's organizations, including the fraternities, Neutral, Woodstock, and Fall Island. Sam Molnar, Director of Intramurals at PSTC, will coach the PSTC squad.

For the nominal charge of thirty-five cents, to quote Nick Sfikas, Station Manager, "This will be an evening of fun for everyone, and at the same time, a benefit to your station, WNTC."
